

California Department of Mental Health Laws and Regulations, 2003 Edition Now Available!

Each year, the California Department of Mental Health collaborates with Barclays Official California Code of Regulations editorial experts to compile all the applicable California state laws and regulations into a single softbound book. This is the perfect reference for anyone providing or relying on mental health services. And the 2003 Edition, with all the latest statutory and regulatory changes, is now available!

This publication is not only a convenient, portable resource that can be used in the field, in the office, or at home, but it also comes with a CD-ROM containing all of the statutes and regulations in pdf format for easy use on your computer.

This is the first year that this volume has been made available to Barclays customers and only a limited number of volumes have been produced. If you're interested, we encourage you to call immediately.
